## Compliance Reminders

### SORT IT OUT

California AB 827 requires that businesses provide customers and employees with access to recycling and organic collection bins in direct proximity to garbage bins, with clear signage to assist in proper sorting.

### SKIP THE STUFF

California law AB 1276 requires all retail food facilities and food delivery platforms to provide single-use foodware accessories and condiments upon request only. This includes ramekin cups, utensils, stir sticks, chopsticks, straws, and condiment pouches.

### ORGANICS DIVERSION

To help California reduce our production of climate pollutants, SB 1383 requires diversion of edible food to food-recovery programs, and separation of food scraps and plant matter from the garbage. To see how this multi-faceted law applies to your business, check [calrecycle.ca.gov/organics/](http://calrecycle.ca.gov/organics/) for more information, or contact GreenWaste at **831.920.6707** for assistance in compliance.

### COMPLIANCE HELP

Need help improving your businesses waste and sustainability practices? Call **831.920.6707** or email [peninsulacs@greenwaste.com](mailto:peninsulacs@greenwaste.com) and ask to speak with an outreach coordinator. Outreach coordinators can help answer your questions about compliance with state laws and local ordinances.
