Friends of Guadalupe River Park & Gardens *Window on the River Park*

Join Friends of Guadalupe River Park & Gardens on Wednesday, May 9, for Window on the River Park, an annual fundraiser to support the organization's many educational programs and environmental initiatives.

From the 16th floor offices of Jeppesen, at 225 W. Santa Clara Street, you will look down on this three-mile ribbon of park land that runs along the banks of the Guadalupe River and learn what the Friends are doing to promote it. You'll also have a unique opportunity to tour the fascinating headquarters of Jeppesen, a subsidiary of Boeing Aviation Services, a company that does worldwide flight planning from its offices in downtown San Jose.

The event will highlight the community leadership provided

by Friends of Guadalupe in developing and promoting the park. It will be an opportunity to mingle with business and political leaders who support the park, recognize it as a unique downtown amenity, and want to help it reach its full potential. Find out how you and your company can be a part of something important!

Among the programs and services provided by Friends of Guadalupe River Park & Gardens are environmental education programs for adults and children, coordination of volunteer workdays for corporate and community groups, and advocacy for new trail connections and park maintenance.

Visit www.grpg.org or call 408-298-7657 for more information on the park and on the Friends organization.
